

Music On.
World Off.

An Enhanced Listening Experience

BT V5 technology provides better wireless connectivity for an enhanced listening experience versus BT V4 – that means a steadier signal, greater range, and clearer sound. Plus, the earbuds automatically pair with your device upon withdrawal from the case (after the initial but simple pairing set-up) for instant sound gratification.

Hassle-Free Music Enjoyment

With earbuds that magnetically pull into a lightweight case, truly wireless functionality, and both auto-power and auto-charge functions, it really doesn't get any more convenient than the BP82 earbuds. Plus, up to 3.5 hours of playtime per charge along with a water- and sweat-resistant design gives you plenty of places and time to enjoy your favorite tunes.

AUTO-POWER
AUTO-CHARGE

BT Earbuds Blast Plug BP82

Features

- BT V5 technology provides stronger wireless connectivity and easy auto-pairing for an enhanced listening experience
- Wire-free earbuds are equipped with auto-power and auto-charge functions that react instantly to withdrawal from and insertion into the case
- Water- and sweat-resistant design allows for worry-free listening
- Truly wireless design delivers strong bass with a rich and clear sound
- Less than 1.5 hour charge time provides up to 3.5 hours of playtime, 4.5 hours of talk time, or 150 hours of standby time
- Magnetic earbuds provide an easy, convenient, and secure closure within the case
- LED lights allow you to know when the earbuds and charging case are charging or fully charged
- Small and lightweight case is portable-friendly
