

# Unleash the Beats

## BP51 EARPHONE

## Immerse in Music

The high-quality aptX™ codec algorithm reflects real sound as CD sound quality, drives the beats home. With the CVC 6.0™ noise cancellation technology reduces background noises. Pure musical immersion, beautiful.

## Have a Blast

Run in the rain or sweat it out in the gym. BP51 is IP64 water-resistant and offers sweat protection with nano-coated circuits. The earphones's lightweight engineering and a stabilized ear-wrap design get you to the finish without missing a beat.

# Earphone Blast Plug BP51
