

## Your New Drive, Stunning

### A Beautiful Beast

What happens when you blend rugged durability with an unforgettable visual appeal? The Bolt B75. L-shaped wraparound luminous LED indicator. Sleek and slim aluminum body. Grooves straight as arrows. But nothing without purpose. A shockproof, scratchproof wondrous design you cannot put down. And when you do, the Bolt B75 shines from the inside, too.

### To the Edge of Your Map

Looking to expand your computer's capability? Photographers, videographers, musicians, and creators will be delighted with the Bolt B75 Portable Solid State Drive, able to boost performance on the go. This speedy SSD's got huge storage capacity (120 / 240 / 480 / 960GB) and reads and writes at blistering speeds (440 and 430MB/s respectively). You're now free to create anywhere you go.
