

TRAVEL Pack only Your Memories LIGHT

One of a Kind

This military-grade aluminum encased hard drive is unique. Being shockproof up to 122cm (MIL-STD 810G 516.7 Procedure IV transit drop test) and made with lightweight materials, it dissipates heat and stays cool under pressure.

Stylish Grooves

It's the thinnest all-metal shockproof hard drive that uses a USB Type-C port. The stylish yet rugged ridges strengthen the structure which reduces impact and scratch damage. Durability meets design, grab it and go.

Portable Hard Drive

Armor A75

Features

- Thinnest all-metal military-grade shockproof (122cm*) hard drive on the market
- 3D ridged design for protection against scratches and fingerprints
